

Technical Data Sheet

Type of product: Wood's Good Natural Soap is made of light coloured, refined vegetable oil and natural wax.

Application: Wood's Good Natural Soap is especially developed for aftercare and maintenance of lye-treated wood on floors, furniture, table tops, etc. But is also very suited for untreated wood, tiles, cork etc. Lye-treated wood is effectively saturated with a thick solution of Wood's Good Natural Soap and water.

Properties: Wood's Good Natural Soap is a mild, oil-regulating agent suitable for use on oiled, waxed or soap treated wood surfaces. Wood's Good Natural Soap gives the wood a light, golden surface, easy to maintain and clean and are fully natural.
* Shake the container before use.

Pre-treatment: * Shake the container before use.
* Mix 1 Litre of Wood's Good Natural Soap in 5-10 Litre water
* Use mop or cloth to wash the wood in the longitudinal direction with the soapy water. * Wipe the wood with a damp mop or cloth.
* In order to obtain the best protection repeat the treatment before use.

System Specification: MAINTENANCE/CLEANING:
Daily maintenance and cleaning of wood treated with Wood's Good Natural Soap is vacuum cleaning. When the wood starts to pick up dirt wash the wood easily with Wood's Good Natural Soap as described above. Though, for cleaning use only 1 Litre of Soap in 10-20 Litre of water.

Storage: Frostfree, cool, and closed.

Shelf-life: 60 Months in an unopened container

Available colors: Clear
